

\$36 Security

Neighborhood Watch		Volunteer		Security Patrol		Assessment		Comments
YES	NO	YES	NO	YES	NO	YES	NO	
1			1	1		1		The thing that concerns me is that the lot owners in the community with vacant be paying for the security even though there is nothing to protect. Also, how do work with the gated Enclave since they are a private community?
1			1		1			1 I'm more in favor of having our community gated. How possible would this be? I be a good deterrent, and wouldn't involve as many agencies and residents to ov
1			1	1		1		Perhaps it is time to reconsider making WW a gated community. It would mean l security and raise property values.
1			1	1		1		1 Most people have monitored security; all they need to do is use it.
1		1	1	1		1		1 I live in the Enclave and would just like to make sure that the neighborhood watc patrol would have our gate code and come in and patrol the 46 lots as often as t phases.
1			1	1		1		1 sidewalk on main road - WW Blvd
		1	1			1		1 we already pay taxes for public services like police protection/law enforcement. to see a Hernando sheriff patrolling WW. What is needed is increased patrols by dept. we are already paying for this. This needs to be handled by professional - n homeowners.
1		1		1		1		
1			1	1		1		1 get your own patrol. The Enclave is not a high crime area. It is gated and fenced ; be excluded from the rest of WW
		1	1			1		1 Most residents pay for home security systems and also have them in their cars.
1		1	1	1		1		1 This would not work. The cost would keep going up. This is a false security and their have any home invasions just a few minor incidents. You have a lot of people using the 2 back in/out - using WW as shortcut. Our development needs to be gated and this would stop t that you say is going on.
		1				1		1 It is responsibility of Hernando Co Sheriff to patrol the area - we pay taxes to HC

	1		1			1	I would be more than willing to pay for my share of prof security patrol. Have a p money for neighborhood watch program is asking for trouble in future .
1		1	1			1	We would like to see a detailed sheriff deputy in WW. We feel this would be the bang for the buck.
1		1	1			1	
1		1					Would need more info about patrol type where/when/how often. \$36 - yes, dep above information.
1			1			1	This is a precaution whose time has come
	1	1			1		1 We already pay \$1,000 NC fee plus \$143. Not going to pay any more - drop the N might think about it. We chose another community to live in.
	1	1			1		
	1	1			1		1 Home has elec system, etc. Extra security not needed. WW residents speed on V and Hernando Ridge daily.
1		1	1			1

	1	1			1		1
1		1	1			1	I am more in favor of security patrol than volunteer program
1		1			1		1 Tried to have neighborhood watch about 2 years ago - never got off the ground, favor of it and would volunteer.

	1				1		1
1		1	1			1	
1		1			1		1 Use surplus \$ in reserve account collected from NC fees
1					1		1 do not live there anymore - will not work, will need people to monitor these people
1		1			1		1 take funds from our assn. surplus money. Ask the HC police dept. to patrol our r frequently.
	1	1			1		1 - too much to type
1			1			1

see letter - suggesting gate, other measures - not clear how she's voting
 see email - discusses excess/surplus funds - no clear vote

we think it would be useful to consider, once again, installing a gate to limit access
 the homeowners in WW

hire an outside security patrol

what about guard gates? Let's make our neighborhood gated
 camera, vests, bicycles, etc. waste of \$\$ most individuals paid hundreds of thousands
 home security systems and outside light. Call the sheriff.
 Post results on Website

1-time fee for neighborhood watch - OK. No need to hire outside help

let's get this done quickly
